Annual water loss report

Enclosed please find copies of our water sold and water loss report for the calendar year 2006. As the report indicates, some months are much better than others.

We diligently respond to leaks, however the recent below normal temperatures have taken a toll on some of our lines. We continue to monitor our lines but most of our lines are in rural areas and a leak is not always discovered as quickly as we would like.

Please contact me with any questions regarding this report.

Sincerely,

Susan Haas
